

Whiskey Whispers, Whiskey Lies

He only heard the things he wanted to,
and never saw a thing.
And then one day she was gone,
leavin only tears and lonely, and her diamond ring!

So now he hears a different voice;
he listens while he cries.
And every night the Whiskey Whispers,
and every day the Whiskey Lies!

CHORUS:

*Whiskey Whispers, it's okay, she'll soon be coming home.
Whiskey Lies - she'll be back, she won't leave you all alone.
Whiskey Whispers, Whiskey Lies - Whiskey you can't trust!
But he doesn't care, it's what he wants to hear,
so he listens to the Whiskey Whisper lies, and chases it with beer!*

All that's left is the wreck of a man,
friends and work have fallen away.
But he's got all the company he needs;
the lying Whiskey whispers to him every day.

It wasn't his fault, and she could never really leave.
It's the Whiskey Lies that help him believe!
The Whiskey Whispers, the Whiskey Lies ,
says, " I will see you through."
But if you listen to those Whiskey Lies,
they'll soon get the best of you!

CHORUS:

*Whiskey Whispers, it's okay, she'll soon be coming home.
Whiskey Lies - she'll be back, she won't leave you all alone.
Whiskey Whispers, Whiskey Lies - Whiskey you can't trust!
But he doesn't care, it's what he wants to hear,
so he listens to the Whiskey Whisper lies, and chases it with beer!*
